### Volunteering in the Classroom

**Our number ONE priority for the success of Bridges is volunteerism IN the classroom.** The philosophy of our education cannot operate without the help of parents. As a classroom volunteer you will assist the teacher in lessons, art projects, organization, homework, classroom/yard supervision etc. You will also have the privilege of witnessing Bridges' unique learning environment first hand. ***This is typically a weekly time slot. It is your responsibility to make sure your shift is covered if you encounter a conflict (an adult friend or grandparent can sub for you).***

**If you are not able to be in the classroom-** *There are other options for fulfilling your volunteer promise.*

While in-classroom help is required for the success of our program, we understand that some families simply cannot be in the classroom for all of their volunteer hours. For this, we have many other opportunities as indicate above.

***Our family agrees to commit to the Bridges Charter School Volunteer Promise.***
