The Director or designee shall coordinate with CVUSD administration to regularly assess school facilities to identify environmental health risks. He/she shall establish a comprehensive plan to prevent and/or mitigate environmental hazards based on a consideration of the proven effectiveness of various options, anticipated short-term and long-term costs and/or savings to the district, and the potential impact on staff attendance, student attendance, and student achievement.

2.2 Strategies addressed in the plan shall include, but not necessarily be limited to, the following;

2.1.1. Ensuring good indoor air quality by maintaining adequate ventilation; using effective maintenance operations to reduce dust, mold, mildew, and other indoor air contaminants; and considering air quality in the site selection, design, and furnishing of new or remodeled facilities

2.1.2. Limiting outdoor activities when necessary due to poor outdoor air quality, including excessive smog, smoke, or ozone, or when ultraviolet radiation levels indicate a high risk of harm

2.1.3. Reducing exposure to diesel exhaust and other air contaminants by limiting unnecessary idling of school buses and other commercial motor vehicles

2.1.4. Minimizing exposure to lead in paint, soil, and drinking water

2.1.5. Inspecting facilities for naturally occurring asbestos and asbestos-containing building materials that pose a health hazard due to damage or deterioration and safely removing, encapsulating, enclosing, or repairing such materials

3.3.1 The Director or designee shall develop, implement and monitor a written hazard communication program in accordance with state law. As part of this program, he/she shall ensure that employees are fully informed about the properties and potential hazards of substances to which they may be exposed and that material safety data sheets are readily accessible to them.

3.3.2 Teachers shall instruct students about the importance of proper handling, storage, disposal and protection when using any potentially hazardous substance.

4. Disruptions

4.1 In order to help maintain an educational environment that provides for student safety, the Board is committed to keeping the schools free from disruptions and to keeping unauthorized persons from entering school grounds. The Director or designee shall provide for the prompt removal of any individual from school grounds who disrupts or threatens to disrupt normal school operations, threatens the health and safety of students or staff, or threatens to cause property damage in accordance with law or Board policy. (This policy is intended to cover the disruption of school activities by non- students. For language regarding disturbances by students see the Student Discipline Policy. Employees who cause a disruption may be subject to disciplinary action in accordance with the Personnel Policy.)

In developing such a plan, the Director or designee shall consult with law enforcement to create guidelines for law enforcement support and intervention in the event of a disruption. 4.3 School staff shall be trained to recognize when an individual has committed acts that constitute a disruption in violation of Board policy. Staff who believes that a disruption may occur shall immediately contact the Director.

He/she may also ask a person to leave who uses loud and/or offensive language which could provoke a violent reaction or a person who has otherwise established a continued pattern of unauthorized entry on school grounds. This shall not apply if that person is a student, school employee, or other person required by his employment to be on school grounds. (Penal Code 415.5, 626.7, 626.8)

4.8 The Director or designee may direct a person who is required to register as a sex offender to immediately leave school grounds, unless he/she is on school grounds for lawful business and with the Director's permission. If such a person does not leave school grounds, the Director or designee shall inform the person that he/she may be guilty of a crime. The Director or designee shall notify law enforcement as appropriate.

The Board shall consider and decide the appeal at its next scheduled regular or adjourned regular public meeting. The Board's decision shall be final.

5. Sex Offender Notification

5.1 In order to protect students while they are traveling to and from school, or attending school or a school-related activity, the Board believes it is important that Bridges respond appropriately when a law enforcement agency notifies Bridges about registered sex offenders who may reside or work within district boundaries.
