

Create 3D Computer Animations for Minecraft

Join the Tech Club @ Bridges Charter

3D Computer Animation - Minecraft: Create epic Minecraft Animations easily. Add mobs, items and scenery, all with changeable textures. Students create animations for Minecraft that form the basis of many popular Minecraft videos on YouTube. They learn the basics on animation, and apply it to create scenes and videos. **Techniques:** Keyframe Animation, Scene & Sequence Design, Video & Sound Editing, Special Effects, YouTube Channel Publishing. **Tools:** Mine-imator, Microsoft Movie-Maker, YouTube, MCSkin3D, MCEdit.
